Greeting my host family, first I'll introduce myself. My name is Supharoek Yavichai. My nickname is Gong. I'm 15 years old. I've got 1 younger sister. In my spare time, I like to sing songs very much, play games, do my homework and review the lesson. My favorite sports are badminton, swimming and play frisby. I'm afraid of mice. I'm Buddhist, so I can eat both meat and vegetables. I don't smoke, don't drink and don't take any drugs.

There are 4 people in my family, my father, mother, and my younger sister. I've got 2 dogs. My father is a businessman. He sells about motorbikes, cars and all electricity. He's 44 years old. In his free time, he likes to watch movies, water plants and plant trees. My mother's a teacher. She teaches grade 3 and 4. She's 44 years old. In her free time, she likes to feed fish and dogs, water plants and trees, read books, cook for me and do her works. My younger sister is studying grade 2. In her free time, she likes to draw and paint pictures, watch cartoons, play with dogs and feed them. In weekend my family and I usually go to the movies, shopping and ride bikes to be healthy and to be more closer because I've been living with my aunt at a dorm for 7 years because my school is very far from my house and it's difficult to study, so I can live with my parents in weekend and summer.

My responsibilities at home are wash my socks, feed dogs, take care my younger sister, water plants and help my parents to do some works. I'm a funny person, I like to act funny things with my friends. I sometimes lazy. I've been living with my aunt for so long, so I can solve some problems by myself.

I'm studying English Program grade 9 at Yupparaj Wittayalai School in Chiang Mai. This school is the public school of Chiang Mai. It's in the north of Thailand. There're only 30 people in my class so the teacher and students can talk and ask questions easily. In Physical Education, I play frisby, rugby, softball and basketball. In free time, my friends and I always help each other to do homework, review the lessons and sing together. I'm studying English program, so every lessons are in English except Thai language and that make me to be able to speaking, listening, reading and writing in English quite good.

What I hope to learn are how to buy things, how to telephone, how to travel, how to take a bus and how to use household and surely I want to learn your culture, language and many things that there aren't in my country.

What I'll bring to your family life are I'll make Thai food for you, tell about Thai culture, how to "wai", how to say English in Thai words, where to travel in my country and my city and I can help you to do the housework too.

Sincerely,
Supharoek Yavichai
