Host Family Letter

Write a short message to your host family telling them why they should choose you. What will you bring to their family life?

What do you hope to learn?

Dear Mother and Father of a host family,
my name is Alexander, but I'm called Alex and I'm 15 years old, now. I would be very thankful, if you host me in your family for 5 months. I will go abroad for only 5 months, because I think 10 months are too long for me. When I was young, I had the dream to go abroad, because my older sisters went to USA, too. I chose the USA, because I'm very interested to learn more about this country. In Germany you only get a picture of the life in the USA from movies or TV-series.

I live in a town with 25.000 habitants and it's a nice town, I think. I like sports and I'm playing in a soccer club. I'm interested in soccer, basketball, football, ice hockey and tennis. I have soccer training two times a week and I played basketball in a team, but only a few months. In my free time I do sports or I play computer or rather I chat with my friends.

I think I have a good relationship to my family. My sisters Michelle 23 years old and Yvonne 21 years old are very friendly, we are like good friends. With my parents I have a normal relationship, we often watch TV in the evening together. My parents aren't strict. At home I do the washing-up and clean my room. Of course I will help you with the housework and maybe I can cook for you :-).

I would be very happy, if I will have a sister or a brother, because I'm a family human. If you are as sporty and friendly as me, I think, we will have a nice time together.

Hope to see you soon!

Baisell
